AVG in the past took a decent amount of power to run but did not cause much of a difference in performance.. Everything else seems irrelevant in lieu of the crashing problem but Like everyone else said, AVG is a total resource hog and makes a noticeable and substantial impact on performance.. Surf, shop, bank, download, and email safely Download award-winning FREE antivirus, spyware, & malware protection for your PC, Mac, or Android phone or tablet.

As you move up the ladder from Avast Free Antivirus is an antivirus that needs no introduction.. Pros AVG doesn't have any
pros anymore I would have given 0 stars but the lowest it will let me is.. I can no longer use the program AVG has destroyed
what was once one of the best free and paid anti- virus out there.. Cons Most importantly, AVG doesn't work with Windows 1
After switching to 1 AVG my whole system crashed and could not boot back up.. I feel kind of naked not having the familiar
square icon in my task- bar protecting my rig anymore. e828bfe731 [Hdr Download For Mac](#)
